

I am a financial supporter of K-LOVE radio, and I understand you are about to make a decision that make affect my ability to listen to this station. I am a Christian, and K-LOVE radio was a major part of that fact. K-Love has continued to be an important aspect in my life. I don't have to listen to a bunch of annoying commercials for one thing. Even more importantly, I don't have to listen to some DJ making sexual inuendos all morning long. It's a choice that I need to remain in my life. K-LOVE is a Public Service organization. When you make your decision on this case, please make sure you are thinking about the public interest. Not the profiteers.
